

Wings For Worship

We are inviting people to pray and consider whether they want to develop their skills as lay leaders of worship. This diocesan run course, which will be held in our deanery, will be run in two sets of four sessions looking at delivering and preparing worship and preaching - none of which will be compulsory on completion of the course. If you feel this is something you would like to do please speak to Revd Christine or email her on revchristineb@gmail.com At this stage we are looking for expressions of interest throughout the deanery and we would expect the course to run in February or March of next year.
